

Mission (from statutes):

- Coordinate a sustainable future for the state geospatial clearinghouse, AZGeo, as a central repository for geospatial data and statewide geographic information system services
- Facilitate the advancement of AZGeo to enhance and support state, federal, and local government business systems
- Incorporate user requirements on matters related to geospatial data, services, standards, applications, and activities to improve data sharing and use

2019 Meeting Dates:

January 7	April 1	July 1	October 7
February 4	May 6	August 5	November 4
March 4	June 3	September 9	December 2

AZGeo Workgroup Members/Participants (by last name):

- Members: Robert Davis, Ryan Johnson (Chair), Jenna Leveille, James Meyer (Vice-chair), Rudy Stricklan, Howard Ward, Patrick Whiteford (Secretary)
- Participants: Humberto Aceves, Kevin Blake, Candace Bogart, Jerome Breyer, Helen Costello, Drew Decker, Sandra Dyre, Karen Fisher, Angie Garcia, Jason Howard, Keith Larson, Shea Lemar, Greg Morgan, Brandon Sisco, Steve Whitney

### GOALS AND ACTIVITIES

Provide a forum and structure to assess the ongoing development of AZGeo as the state geospatial clearinghouse

- Identify stakeholder/user requirements and interface enhancements
- Develop platform requirements for the development of the 2<sup>nd</sup> iteration of AZGeo
- Identify resources for sustainable and long-term maintenance of AZGeo and curation of it's content
- Develop a roadmap for the 2<sup>nd</sup> iteration of AZGeo
- Assess opportunities to expand and improve AZGeo continuity and functionality

Facilitate the development of best practices, data standards, and specifications for AZGeo contributors

- Explore existing geospatial data standard documentation
- Coordinate with the AGIC Admin and Legal committee to update the existing AGIC 2008 Data Standards; with consideration to existing standards

- Explore minimum requirements for data contribution to AZGeo and develop methodology for enforcement
  - Assess current conditions of existing data
  - Explore technological solutions for minimum standards of existing data

Facilitate Interagency Coordination and Encourage Geospatial Data Sharing utilizing AZGeo

- Serve as a forum to facilitate informational exchange between state, federal, tribal, regional, and local governments, the private sector and professional associations.
- Coordinate activities with appropriate AGIC committees as required
