2021 Goals and Activities

1. Provide a Forum and Structure to Discuss Current Geospatial Data, Initiatives and Technologies
 - Coordinate demo's or presentations for each meeting demonstrating AGIC Committee/WG activities
 - Support the development of Data Committee Work Group track at AGIC Symposium
 - Each Work Group to provide an abstract(s) to the Conference Committee on illustrating current activities for a Data Committee track
 - Create and sponsor work groups as needed
 - Identify resources required to carry out proposed activities

2. Facilitate Interagency Coordination and Encourage Geospatial Data Sharing

- Serve as a forum to facilitate informational exchange between state, federal, tribal, regional, and local governments, the private sector, and professional associations.
- Promote geospatial data sharing, and the inclusion of data in the public domain, to maximize the benefit of AZGeo as a state clearinghouse data sharing platform.
- Coordinate activities with appropriate AGIC committees as required
- Identify and coordinate funding and mentorship opportunities to assist rural counties in maintaining Arizona framework datasets.
